

Dashed line (on left) shows subdivision boundary fencing, erected by developer in 1975, prior to building subdivision Mira Mesa North No. 2.

This established a 21-inch clearing between adjoining subdivisions that still exists today (e.g. see Attachment 2 for photo of this area taken on 10/9/2011 showing placement of Mira Mesa North No. 2 subdivision boundary fencing, set back 21 inches from homeowner's masonry wall under construction on the right).
